# INTRODUCTION

# IROCKET FUEL: THE LIFEBLOOD OF IROCKET

FUEL is the native cryptocurrency of the iRocket platform, serving as the essential component that drives various functionalities within the ecosystem. By owning FUEL, users gain access to exclusive features and rewards, making it a vital asset for all iRocket participants.

**BUILDING A  
SUSTAINABLE  
FUTURE WITH FUEL**

## SUSTAINABLE ECONOMIC SYSTEM

FUEL fosters a sustainable economic system within iRocket by facilitating transactions and rewarding user participation. It plays a crucial role in ensuring the platform's longevity and success.

## EMPOWERING THE COMMUNITY

FUEL grants its users ownership and a stake in the platform's growth. By holding FUEL, users become integral members of the iRocket community, contributing to its development and benefiting from its success.

## VALUABLE UTILITY TOKEN

As the iRocket ecosystem expands, FUEL offers increasing utility, making it a valuable asset for all users. Its versatility ensures that it remains relevant and beneficial across various platform functionalities.

03.

# HOW FUEL POWERS THE IROCKET ECOSYSTEM

## IN-GAME CURRENCY

FUEL is the essential currency for all iRocket gaming needs. Users can utilize FUEL to purchase in-game items, upgrades, and power-ups, enhancing their gameplay experience and climbing the leaderboards.

## ENHANCED FUEL DEPOSIT BOOSTERS (EFDBS)

Starting July 1, 2024, FUEL becomes mandatory to activate EFDBs. These boosters multiply earnings from iRocket games, maximizing rewards. Using FUEL to unlock the full potential of EFDBs accelerates in-game income.

## REWARD MECHANISM

FUEL is more than just a spending currency; it's a reward for dedication. Users earn FUEL tokens through various channels like gameplay, challenges, and loyalty programs. The more they engage with the iRocket platform, the more FUEL they accumulate.

# FUELING THE MARKETPLACE

The upcoming iRocket Marketplace will offer exclusive merchandise and virtual items. Users can utilize FUEL tokens to purchase unique physical or digital collectibles related to their favorite iRocket games, unlocking a world of exciting possibilities.

# ADVERTISING PLATFORM

The iRocket advertising platform allows brands to connect with a vast and engaged audience of gamers. Businesses can leverage FUEL tokens to advertise their products and services within the iRocket ecosystem, gaining targeted exposure and reaching potential customers passionate about gaming.

# FUEL ACCUMULATOR

Details about the innovative Fuel Accumulator feature will be revealed in June 2024. This feature will offer another way to leverage FUEL tokens and potentially increase holdings, enhancing the iRocket experience.

04.

# EXCLUSIVE ADVANTAGES WITH FUEL

## INCREASED EARNING POTENTIAL

Achieve more rewards through gameplay, loyalty programs, and potential future features that utilize FUEL. The token's versatility ensures users can continuously benefit from holding and using FUEL.

## FUTURE UTILITY AND GOVERNANCE

FUEL may play a role in future platform governance decisions, allowing users to have a say in the platform's development. By owning FUEL, users are at the forefront of the iRocket revolution.

## ACTIVE PARTICIPATION

By owning and using FUEL, users become active participants in the iRocket community, contributing to its growth and success. FUEL is the key to unlocking the full potential of the iRocket ecosystem.

05.

# FUEL TOKEN FLOW MODEL

## EFDB FLOW

### BUY FUEL FROM EXTERNAL WALLETS/EXCHANGES:

Users buy FUEL according to the live price, with automatic matching with FUEL sellers.

### STAKE FUEL IN EFDB:

Staking is done using FUEL, which is converted to FD at the live price. Fluctuations in FUEL price do not affect FDB as FD is stable.

### STAKING REWARDS:

All rewards are paid in FP.

## GAME FLOW

### PLAY GAMES:

Games can be played using FUEL or FP, with FP as the default for staked users.

### GAME REWARDS:

Rewards achieved using FP are given out in FUEL at the live price, while rewards achieved using FUEL are given out in a 1:1 ratio.

# TOKENOMICS

## DEVELOPMENT TEAM (5%):

Time-locked for 2 years with quarterly releases thereafter.

## MARKETING/OPERATING EXPENSE (5%):

Used for DEX/CEX listing, marketing, and game development.

## REWARDS (60%):

Slowly released into supply based on game winnings, ending when the pool is depleted.

## PUBLIC ROUND (25%):

Available for public sale.

## PRIVATE/ANGEL ROUND (5%):

Reserved for early investors.

06.

# KEY USES OF FUEL TOKEN

## IN-GAME CURRENCY

FUEL tokens are the primary medium for all in-game transactions, allowing players to purchase virtual goods, upgrades, and premium content.

## REWARD MECHANISM

Players earn FUEL tokens by participating in games, completing challenges, and achieving milestones. Regular players receive FUEL tokens as part of loyalty programs, encouraging continued engagement.

## COMMERCE INTEGRATION

FUEL tokens streamline transactions within the iRocket marketplace, offering exclusive discounts and promotions available only through FUEL transactions.

# MANDATORY USE IN PLATFORM UTILITIES

Starting July 1, 2024, all EFDB activations and gameplay purchases must be conducted with FUEL tokens, ensuring a unified and streamlined economic environment within the iRocket platform.

## ROADMAP

### ■ JULY:

Launch of FUEL Token & Marketing Campaign

### ■ AUGUST – SEPTEMBER:

Influencer partnerships and endorsements

### ■ OCTOBER – DECEMBER:

Community Engagement Initiatives, List on Exchanges

### ■ DECEMBER:

Reach 50 price milestone

### ■ JANUARY – MARCH:

Partnerships and co-branded marketing campaigns

### ■ MARCH:

List on more 2nd Tier exchanges

### ■ APRIL – JUNE:

Expansion of Use Cases and Partnerships

### ■ JUNE:

Achieve 150 price milestone

07.

# CONCLUSION

The FUEL token, as iRocket's native cryptocurrency, is intricately woven into every aspect of the iRocket ecosystem. It enhances user experiences, facilitates commerce, and fosters community engagement. Starting July 1, 2024, all interactions within the platform, including EFDB and gameplay, will be exclusively conducted using FUEL tokens. By owning FUEL, users are at the forefront of the iRocket revolution, contributing to its growth and benefiting from its success.

THANK  
YOU
